

Course Code: CSE2259
Course Title: Web Technologies
Lab sheet 8

Problem Statement:

1. Write a simple PHP code to practice print a line, read variables and print their values with perform some operations such as +,-,*,%,/,//, **.
2. Write a PHP script to perform following file handling operation.
 - A. To open a file
 - B. To read a file line by line
 - C. To read a file character by character
 - D. To write a file
 - E. To append a file and close file.

SOLUTION

2. Program

To open a file

```
<!DOCTYPE html> <html> <body> <?php $myfile=fopen("webdictionary.txt", "r") or  
die("Unable to open file!"); echo fread($myfile,filesize("webdictionary.txt")); fclose($myfile);  
?> </body> </html>
```

To read a file line by line

```
<?php  
$myfile = fopen("webdictionary.txt", "r") or die("Unable to open file!");  
while(!feof($myfile)) {  
echo fgets($myfile) . "<br>";  
}  
fclose($myfile);  
?>
```

To read a file character by character

```
<?php  
$myfile = fopen("webdictionary.txt", "r") or die("Unable to open file!");  
// Output one character until end-of-file  
while(!feof($myfile)) {  
echo fgetc($myfile);  
}  
fclose($myfile);
```

?>

To write a file

```
<?php
```

```
$myfile = fopen("newfile.txt", "w") or die("Unable to open file!");
```

```
$txt = "John William\n";
```

```
fwrite($myfile, $txt);
```

```
$txt = "John Smith\n";
```

```
fwrite($myfile, $txt);
```

```
fclose($myfile);
```

?>

To append a file and close file.

```
<?php
```

```
$myfile = fopen("newfile.txt", "a") or die("Unable to open file!");
```

```
$txt = "Donald Duck\n";
```

```
fwrite($myfile, $txt);
```

```
$txt = "Harshith\n";
```

```
fwrite($myfile, $txt);
```

```
fclose($myfile);
```

?>

Output

webdictionary.txt

AJAX = Asynchronous JavaScript and XML CSS = Cascading Style Sheets HTML = Hyper Text Markup Language PHP = PHP Hypertext Preprocessor SQL = Structured Query Language SVG = Scalable Vector Graphics XML = EXtensible Markup Language

To open a file

To read a file line by line

To read a file character by character

To write a file

John William

John Smith

To append a file and close file.

John William

John Smith

Donald Duck

Harshith
